Some of our Impact Stories

Loveworks

Loveworks are a localised charity providing foodbanks and care for the elderly. We delivered free PR support to help them launch their new warehouse, generate donations and deepen local awareness.

Farm Carbon Toolkit

FCT are a non-profit organisation leading the charge in regenerative farming research, reporting and promotion. GKM have delivered pro-bono support to help them improve critical messaging and reporting dynamics to help accelerate their mission.

Mapis CIC

Mapis help disadvantaged women and the long-term unemployed get back to work. We provided pro-bono support to help them understand and unlock the true SROI of their services and also undertook significant sector-based market research for them. This work helped them source more funding proving an SROI of 35:1 through their programme.

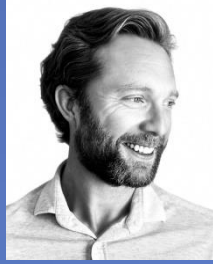

Phoenix Youth Project

Phoenix Youth Project run several centres serving particularly challenged communities in and around Sellafield, improving the lives of more than 500 kids every year. We co-created their new brand identity and also delivered a fresh new website to serve all their communities long-term.

Our Delivery Team

Our team has real breadth and depth with years of experience in delivering services to both private and public sectors including multiple FTSE 100 companies, Cabinet and Home Office

PR, Communications & Social Value Consultancy

Creating & Communicating Social Value

We have been working with Good Karma Media for over a year and have found them to be responsive, knowledgeable and dedicated to achieving our objectives. Their work across research, creative and marcomms has been excellent and is helping to both amplify and focus our social impact marketing amongst relevant stakeholders. In addition to their industry experience and market-leading approach we embrace their valuable mission as a Social Enterprise which aligns closely with our own social value goals.

Emily Davies, Head of Social Value, Amey plc

Thank you yet again for an absolutely amazing piece of work. It was very detailed, relevant and will help us update our employment services. We will also use it in our funding applications. This is exactly what we needed. You Guys are brilliant! Not only your personalities - great sense of humour, helpful and professional - but a real focus on supporting us to achieve something meaningful.

Maggie Sikora, CEO, Mapis CIC

We are working with Good Karma Media to enhance our marketing insight and optimise our customer engagement. We have been impressed by their attention to detail and their ability to comprehend complex customer data processes.

We value and embrace their status as a Social Enterprise and are pleased that our work with them will lead to positive social impact which is a key component of our mission.

Alex Woodward, Strategic Marketer, Yeo Valley Farms

Given their social enterprise business model working with Good Karma Media makes a lot of sense. We hope that Phoenix's new website will add value to the lives of young people across all their youth projects in Frizington, Cleator Moor and Moor Row for many years to come. It will also help them attract more investment and local support through donations and volunteering. This is a great example of how social enterprise suppliers can work collaboratively with corporate organisations to deliver lasting social change at a community level.
